

Tomide Oyekunle

UX/UI Designer | Product Designer | Shopify CRO Specialist

Nigeria, Remote | oyekunletomide@gmail.com | linkedin.com/in/yourname | @oyekunletomide | your-portfolio-url.com

Summary

UX/UI and Product Designer focused on conversion-centered websites, Shopify CRO, landing pages, product pages, SaaS dashboards, and mobile app experiences. Strong blend of visual design, UX thinking, frontend understanding, and ecommerce conversion strategy.

Core Skills

Figma, UX Research, Wireframing, Prototyping, Design Systems, Shopify CRO, Landing Page Design, Product Page Design, Webflow, Framer, Shopify Liquid, HTML, CSS, JavaScript, Responsive Design, Usability Review, Conversion Copy Hierarchy

Selected Experience

UX/UI and CRO Designer - Freelance / Contract (2024 - Present)

Designed ecommerce pages, landing pages, Shopify homepage redesigns, product page structures, and conversion-focused UI systems for brands and agencies.

Shopify Developer and Web Designer (2020 - Present)

Built and customized Shopify sections, Liquid components, product layouts, landing pages, responsive UI patterns, and ecommerce experiences.

Junior Designer - CRO Agency (2025 - Present)

Supported ecommerce design work across landing pages, product pages, advertorials, listicles, homepage redesigns, and CRO-focused creative direction.

Portfolio Case Studies

Shopify Homepage CRO Redesign - Improved offer clarity, above-the-fold structure, social proof placement, product storytelling, and CTA hierarchy.

Product Page Redesign - Reworked buy box clarity, benefit order, reviews, objections, FAQ, and mobile purchase confidence.

SaaS Dashboard UX - Designed clearer dashboard hierarchy, reusable components, empty states, tables, filters, and data grouping.

Mobile App Onboarding - Simplified first-use flow with clearer value communication, fewer steps, and stronger activation logic.

Education and Training

CXL Conversion Optimization Mini-Degree - Completed

Self-led product design, UX/UI, ecommerce CRO, Shopify development, Framer, Webflow, and frontend design practice.

Tools
